## Mission Told \$1,270,000 Is Needed To Care For Its Aged

The Lutheran Inner Mission of the West Penn Conference had under consideration today a "possible program of service" to older members that would cost an estimated \$1,270,000 to initiate and an additional \$110,000 to operate yearly.

The program is based upon the findings of an 18-month study made by the Inner Mission "for the purpose of providing a more effective ministry by the conference's 81 churches to their 2,800 older members."

Lutheran homes for 80 persons are needed in the five-county conference area, members of the board of control were told at their fifth annual meeting Tuesday by Rev. G. Martin Ruoss, Mechanicsburg, retiring president of the board of directors, who was one of the editors of the survey report.

### \$15,000 Per Resident

He said the church homes would cost \$1,200,000, calculated on a basis of \$15,000 per resident. They would serve geographical areas having their centers in Gettysburg (for all of Adams County), Carlisle (for Cumberland and Perry Counties) and Chambersburg (for Franklin and Fulton Counties). The conference does not operate church homes at the present.

Rev. Ruoss said the survey suggests that the administration of the program for the aged would require the services of an executive director, supervisor, three case workers and two homemakers trained to deal with older persons' problems of housing, finance and health and able to interpret the program to the parishes. Salaries, offices and secretarial help for such a staff would cost \$70,000 a year.

Thirty-five aged Lutherans in Adams County, 25 in Cumberland and Perry Counties and 20 in Franklin and Fulton Counties could use church facilities for institutional care immediately, according to the report. One or more of the homes should offer specialized health ministries.

### "Friendly Visits"

The report disclosed that 96.4 per cent of the older persons interviewed during the study said that the church can best meet their needs by "friendly visits." Less than 2 per cent desired case-work service, foster home care or homemaker service and only 3 per cent reported a present desire for a church home.

Dr. Wilbur E. Tilberg, who conducted the interviews, said his survey disclosed that when older persons can't live alone any longer they desire to live first with an unmarried daughter, then with their other children and lastly in a "home."

On the recommendation of Mrs. Henry T. Bream, executive director of the Inner Mission, the report on the study was referred to the board of directors.

### Dr. Reaser President

Rev. Dr. Paul L. Reaser was elected president of the board of control, succeeding Rev. John W. Harkins, Greencastle. Other officers elected are: Melvin Rudy, Chambersburg, vice president; David Houck, Andromeda, secretary; and Dr. Norman D. Keefe, Mechanicsburg, treasurer.

The following were elected to the board of directors, which is the executive body of the board of control: Rev. John L. Kugle, St. Thomas; Emanuel Gunnet, McKnightstown; Mrs. Alvin Goff, Littlestown; John Small, Fayetteville; and Benjamin Davis, St. Thomas.

Rev. Dr. Reaser was also elected president of the board of directors. Other officers are: Roger H. Steck, Carlisle, vice president; Mr. Gunnet, secretary; and Dr. Keefe, treasurer.

Grants totalling more than \$420,000 to 84 universities, colleges and scientific institutions were also announced by Research Corporation. The 111 current grants of the foundation will support educational programs and fundamental scientific studies at institutions in the U. S., Canada, Mexico, Haiti, India and East and South Africa.

## Suspect Bad Checks Were Passed Here

Local state police said York officers have taken Charles Franklin Warfel, who goes also under the aliases of Donald A. McNeel and Shaun Brian, into custody at York on charges of issuing worthless checks.

The York officers said they learned that Warfel-McNeel-Brian makes frequent visits to Gettysburg and so notified the local state police.

Local officers in turn noted that Warfel is white, aged 48, five feet eight and wears glasses and suggested that if anyone holds a bad check from Warfel they should contact the local state police.

Mares Sherman, York St. merchant who was one of the founders of the Gettysburg Retail Merchants Association, became president of the organization at a dinner meeting of its directors at the Dutch Cupboard Tuesday evening.

Sherman was named to serve the remaining six months of the term of George W. Miller, secretary of the Gettysburg Motor Club, who is planning to resign from that post within the next month to accept a similar position in another part of the state.

Miller was voted the thanks of the Retail Merchants at Tuesday's session when his resignation as president of the group was accepted with regret. Tribute was paid to Miller for his services to the organization and the community over the period of time he has been here.

Talk About Christmas  
Sherman, on accepting the presidency for the unexpired term, noted that despite his long connection with the Retail Merchants he had never served as its president before. He had however served eight terms as chairman of the Retail Committee of the Gettysburg Chamber of Commerce before leading that committee into formation of the separate but affiliated organization known as the Gettysburg Retail Merchants Association.

The meeting was held the first day of summer but one of the topics before the directors was Christmas decorations and Christmas season hours for the stores.

### President Satisfied His Far East Tour Successful And Will Report To Nation

By MARVIN L. ARROWSMITH  
HONOLULU (AP) — President Eisenhower was reported today to be planning to hit back at Red China claims that his Far Eastern tour was an ignominious failure.

The President's rebuttal and a contention that much good was accomplished despite cancellation of his visit to Japan will come, it was understood, when he reports to the American people next week.

Eisenhower will make a nationwide television-radio address within a few days after returning to Washington. Present indications are he will arrive there Saturday or Sunday.

### Talks With Herter

Announcement of the President's plans to go on the air was made by White House Secretary James C. Hagerty as Eisenhower, who arrived in Hawaii from the Orient Monday, continued to relax in glorious weather. He arranged to play another round of golf today.

### No Tokyo Discussion

Hagerty said in response to a news conference question that the two men had not discussed the washing — out of the President's plans to go to Tokyo for three days starting last Sunday.

### The trip to the Japanese capital was cancelled because of what Eisenhower and Premier Nobuchika Kishi called Communist-promoted rioting in Tokyo.

Saying he had not seen a complete account, Hagerty declined comment on Herter telling a congressional committee that the administration had misjudged the riotous situation which led to cancellation of the trip.

## Two Scout Leaders Are Honored

Attorney Daniel E. Teeter, finance chairman for the Black Walnut Boy Scout District committee, is shown as he presented a plaque Tuesday afternoon at the Hotel Gettysburg to Dr. W. E. Tilberg, special gifts chairman for the annual finance campaign of the Boy Scouts, for "going over the top" in his portion of the drive. Charles Ritter, Littlestown, district committee chairman, is shown next, followed by Jack H. Orner, Arendtsville, fund drive chairman, who is holding the plaque he received moments before for putting the "house to house" campaign of the drive also "over the top." Next are Stanley C. Rogers, district Scout executive, and Ray Weigand, York-Adams Area Boy Scout Council chief executive. (Times photo)

## STOP SIGNS AT ALLEYS ASKED BY CC GROUP

Stop signs in each alley at their intersection with streets will be asked of borough council by the Civic Improvement Committee of the Gettysburg Chamber of Commerce, the committee decided at a luncheon meeting Tuesday afternoon at the Dutch Cupboard.

Members of the committee agreed that stop signs probably could not be constructed at the ends of the alleys because they would take up too much space, but suggested that the "stop" wording be painted on the surface of the alley itself.

According to reports at the meeting, "many drivers" fail to halt at the intersections and endanger both pedestrian traffic and motorists.

### Pleased With Council

At present there are no signs requiring the alley users to halt and most at least pull out onto the sidewalk without stopping and many, according to the reports, continue on into the street without stopping.

The committee expressed its appreciation at the meeting to the "excellent way in which Burgess Wilbur L. Plank and the borough council received and acted upon suggestions made at the last meeting of the committee."

R. K. Will, chairman of the committee, reported that borough council is now studying the suggestion made at the last meeting of the committee that the parking meters in the first blocks off the square provide for two hours of parking. The committee suggested the present ten-cent-an-hour charge be continued but that parkers be permitted to stay for two hours. One hour, the committee felt, is often not long enough for shopping. The committee also said that the present limits for parking should be continued in Lincoln Square itself to provide for a rapid turnover.

## SUGGEST R.C. DRIVE SHIFT TO OCTOBER

The Red Cross board of directors Tuesday evening referred to its fund drive steering committee for study and recommendation a proposal that the annual fund drive be shifted from March to October.

The annual drive has been held in March for many years to coincide with the national Red Cross fund appeal but some members of the board at the meeting Tuesday at the Shetter House pointed out that bad weather usually hinders rural solicitation in that month. The suggestion was made also that more generous gifts might be forthcoming in the fall than in the spring in this county.

A near-fall report on the 1960 fund campaign, hampered by snow and bad roads in rural parts of the county where much of the Red Cross drive is aimed, showed \$4,794 received. Chapter Chairman Charles E. Held said some districts exceeded their 1959 totals.

### Lauds Steering Committee

He listed these returns by districts as follows: Upper Adams, \$1,576.91; Littlestown, \$1,122; McSherrystown, \$346; territory assigned to Col. Edwin Johnson, \$282; territory assigned to Col. Thomas Allen, \$3,611; York Springs section, \$44.50; territory assigned to Owen Reynolds, \$287; East Berlin section, \$317, and territory assigned to Orville Orner, \$275. Not all reports are complete, Mrs. Peggy P. Hill, executive secretary, indicated. Chairman Held paid tribute to the steering committee members for their efforts on the fund drive.

The Rev. Mr. Held, chapter chairman, designated Colonel Allen as the chapter's new representative to the Adams County Council of Community Services.

The Rev. Mr. Held, who recently was hospitalized for about three months, lauded the services of Red Cross-trained nurses' aides at the Warner Hospital after Miss Ruth McInnes, nurses' aide captain, reported they are being called upon for extra hospital duty this month while some nurses are on vacation. She also said a group of aides will serve Saturday at the Hoffman home's annual program.

## Red Cross Needs Swim Instructor

With its summer water safety program scheduled to open in two weeks, the Adams County Chapter of the Red Cross today is seeking a qualified instructor to take charge of the program.

Miss Helen Louise Strieby, the chapter's water safety chairman who has headed the summer classes for several years, has notified chapter officials she will not be able to serve in July because of summer school studies.

Mrs. Peggy P. Hill, the executive secretary, said a person who holds a swimming instructor's certification and is able to take charge of the program is needed. The classes will be held for six weeks, five days a week, starting at 9 a.m. and ending at 1 p.m. The Battlefield Pool will be used. For two weeks in August a program will also be conducted at the Crouse Pool at Littlestown. Persons interested should get in touch with Mrs. Hill.

Junior and senior life savers serve as instructors' aides for the swimming classes for which 850 youngsters have registered.

## TWO SCOUTERS GIVEN PLAQUES AT LUNCHEON

Jack H. Orner of Arendtsville and Dr. W. E. Tilberg of Gettysburg were presented Tuesday afternoon with plaques for their achievement in putting the annual fund drive of the Black Walnut Boy Scout District "over the top."

Attorney Daniel E. Teeter, finance chairman for the district, in presenting the plaques to the two men at a luncheon held at the Hotel Gettysburg reported \$5,601.43 was raised in the campaign, or \$101.43 more than the goal of \$5,500. He also said the campaign was the first to reach its goal in the last several years.

### Serve Again Next Year

Both Orner, who served as general campaign chairman, and Dr. Tilberg who was special gifts chairman, accepted the same posts for next year's finance drive.

Orner, in accepting his plaque, said the credit should go to the many volunteer solicitors who served throughout the district to make the door to door campaign. Dr. Tilberg stressed, in his acceptance speech, that the special gifts this year "came not from one or two localities but from throughout the district."

### Hear Ray Weigand

Mr. Teeter said the community drives brought in \$3,742.43 of the \$5,601.43 total and \$1,859 came from special gifts. The amount raised in the district campaign was in addition to the \$3,500 which Gettysburg raised for Scouting in its Community Chest Drive last fall.

York-Adams Area Chief Scout Executive Ray Weigand told the group: "The successful completion of this drive is a credit to all of you."

## Spectacular "Piggy Back" Satellite Rammed Into Sky; Doubleheader Space Shot

### By HOWARD BENEDICT

CAPE CANAVERAL, Fla. (AP) — The United States, scoring a spectacular space "first," rammed two satellites into orbit with a single rocket today.

The doubleheader rocket that turned the trick was a two-stage Thor-Able-Star, an Air Force vehicle making only its second flight. It rose smoothly from its searchlight-illuminated pad at 12:55 a.m. and streaked like a fiery comet toward the southeast.

The second stage fired for about 20 minutes, then reignited for 13 seconds to kick the satellites into orbit.

### Helpful Moonlets

The two new moonlets flashing the skies are Transit II-A, a second experimental navigation aid satellite, and a basket-ball-sized aluminum sphere crammed with instruments to measure solar radiation.

The latter is called a "piggy back" satellite because it hitchhiked a ride aboard the larger Transit payload.

## Taylor Pieces Well Received

The periodical articles by Attorney Leighton C. Taylor, of Bendersville, which are published in the Gettysburg Times, bring frequent commendable comment. One such came this week from Arthur M. Gordon, of Biglerville, who wrote Mr. Taylor as follows:

"May I take this opportunity to express my appreciation and gratitude for your recent article in the Gettysburg Times, entitled, 'This Is Your Country, Yours and Mine.'"

"This well written article should give every reader a new inspiration in the fundamental principles of our government at a time when these principles are being challenged by foreign leaders."

"The nine points listed should be read and practiced by every soul-searching American."

Miscellaneous receipts amounted to \$16,636.25. Total expenditures for June were \$20,868.06. The board named the First National Bank of Fairfield as the depository for the school funds.

Miss Anice C. Rutters, Hanover, a graduate of Hanover High School and Indiana State College, was elected home economics teacher to succeed Mrs. Dawn Rodgers. The board received and accepted the resignation of Mrs. Carol Bream, girls' physical education and health teacher. The position remains vacant.

Robert Newman was elected treasurer of the Fairfield Joint School System for the coming year. The treasurer of the jointure is chosen on a rotation plan from a different district each year.

# MOVE TO KEEP ATTORNEYS IN TITLE ACTION

Alton and Hallie Snyder, Fairfield, are fighting to retain their attorney in their action to quiet title brought to give them clear title to a 115-acre Liberty Twp. farm, the deed for which is now held by William G. Monroe, Harrisburg, for the Hartford Fire Insurance Co. and the Paradise Mutual Fire Insurance Co.

The action filed in the prothonotary's office Tuesday is the latest of a long series of court actions going back to the day when a house on the Snyder farm burned and the insurance companies paid off the holder of the mortgage on the property and took possession of the deed.

The Snyders have argued that since the fire insurance was to cover damage caused by fire, and since that amount paid off the mortgage, they should get the land free and clear.

## Cleared Of Arson

The court actions resulting from the fire have included a charge of arson against Mr. Snyder. A jury found him innocent of that charge on April 26, 1957. The original charge was brought in April term 1955.

On June 7, Attorney Edward W. McTague, York County, who represented the Snyders, asked the court that he and the local counsel be allowed to withdraw as attorneys for Mr. and Mrs. Snyder.

Tuesday, in response to the rule placed on the Snyders to show cause why the withdrawal should not be permitted, the Snyders filed an answer holding that they object to the petition to withdraw on the basis of an agreement made with Attorney McTague February 6, 1959, in which he promised to handle the action to quiet title for a sum of \$500, with an additional \$500 to be paid if it was necessary to appeal the results of the trial.

## "Impossible To Get Counsel"

In his petition to withdraw, Attorney McTague noted that the case was not set down for trial.

The Snyders allege in their petition that the case has been ready for trial since January 9, 1960, but that the attorney "refused to set down said case" and gave "a perjured excuse" for the "negligence."

The Snyders hold that the attorneys are "not able to state a valid reason" for withdrawing and "it must be assumed" the reason is therefore "questionable." According to Mr. and Mrs. Snyder's petition, if the attorney withdraws, it will be "impossible to engage new counsel."

# Edward Olinger Dies On Tuesday

## MOTORS TILT LOWER

NEW YORK (AP)—A mixed pattern ruled in the stock market today as activity slackened for the second straight session.

Radio Corp. ran up more than 1 point, recovering some of its recent loss. Raytheon also advanced but for the most part electronics displayed no fireworks.

### "ALL I KNOW"

All I know is when I'm near her... happiness is close at hand... for she has a way of making... even fools understand... all I know is life is lighter... as we journey arm in arm... free am I of worldly sorrow... when I'm captured by her charm... all I know is days are dreary... and the nights are cold and long... when the hand of fate deems parting... life is void of tender song... all I know is there is darkness... without her sweet tender smile... gone are all the precious treasures... that my heart believes worthwhile... love is strange and complicated... making hearts beat fast, then slow... I love you beyond all loving... this one thing, is all I know.

## CLUBMEN SEE SETUP FOR DDD

After its weekly dinner meeting at the Recreation Field diner Tuesday night, the Gettysburg Exchange Club toured the new direct distance dialing setup at the United Telephone Company.

The members were shown how the system will operate when they wish to place a call to a distant city.

Before the tour, the members heard Carroll Smith report on a date and site for a ladies' night outing. He suggested the night of July 21 as the time to see "The Belles Are Ringing" at Allenberry Playhouse, near Carlisle.

Smith said if the group leaves Gettysburg about 6:15 p.m., arriving there for a 7 p.m. dinner, they should be able to see the play starting at 8:30 p.m. The date was not set finally.

A report was heard from Albert Sterner concerning the cost of sponsoring this year's baseball team in the Big League. He reported figures given by president of the league, Pat McDermitt, that the total cost would be about \$225 or more.

President Crosby Hartzell announced again that the foreign exchange students will arrive in Gettysburg July 11 and any member wishing to sponsor a high school senior should call Mrs. Charles Smith. The Exchange Club will serve a bake-out dinner for the students on July 12.

The site for next week's meeting was not determined.

A special study of how to "eradicate eyesores in the community" was decided upon. Those attending the meeting mentioned several "eyesores" which they felt could be improved "without too great difficulty" if "cooperation all along the way can be secured." The committee member noted that none of the "eyesores" involve infraction of laws or menaces to health or safety, but are "unsightly" and thus the committee will seek ways to urge rearrangements or other steps that may be needed.

## Approve Plans For 2 New Tunnels On Pa. Turnpike

HARRISBURG (AP)—A new tunnel and a bypass, estimated to cost some 20 million dollars, have been approved by the Pennsylvania Turnpike Commission to relieve frequent traffic jams at two of the toll road's most congested tunnels.

The commission Tuesday authorized construction of a tunnel paralleling the present tube through Allegheny Mountain and a bypass of the Laurel Hill Tunnel.

If financing is worked out the projects could be completed in about three to four years, a spokesman said.

**Study Finances**  
A New York bonding company is studying financial methods and is expected to report to the commission within two weeks, said Commission Chairman Joseph J. Lawler.

A spokesman estimated the tunnel would cost some 12 million dollars, including the remodeling of the existing tube to handle new traffic patterns. Cost of the bypass was estimated at about 7 1/2 millions.

Traffic tie-ups at the two tunnels—there are five others, all only two-lanes wide—are frequent because they are approached by long grades which slow traffic, particularly trucks.

**Economical And Quick**  
Lawler said the bypass at Laurel Hill was considered the most economical and quickest solution to that bottleneck.

"We of course, have long recognized the need for relief at these tunnels," he added in a statement. "But because of heavy financial obligations to our bondholders (we) have been unable to go into additional construction."

The turnpike was financed through sale of bonds and its current debt is 400 million dollars. It is entirely supported by revenue from tolls and concessions.

**Accused Teacher  
Freed Of Assault**  
PHILADELPHIA (AP)—A substitute gym teacher accused by a 14-year-old pupil at a disciplinary school of beating him with a club has been freed of assault and battery charges.

Municipal Court Judge Theodore O. Spaulding Tuesday dismissed the charges against William Hunter, 42. The judge said a psychiatric examination indicated that the pupil, Robert Scott, was given to exaggeration.

Spaulding said he did not believe the youth's story that Hunter had beaten him with a club for about 15 minutes at the Octavius Catto disciplinary school on June 1.

**HEALTH AID  
BILL IS BEFORE  
HOUSE TODAY**  
By EDMOND LE BRETON  
WASHINGTON (AP)—The House takes up today a state-federal program of health aid for a limited group of needy and near-needy older persons.

Indications were the measure will be passed today and sent to the Senate, where proponents of a much broader health benefit program for the aged hope to revamp the measure to fit their own ideas.

No such broadening can be attempted in the House. It is taking up the bill under procedures which allow four hours of debate, no amendments, and a take-it-or-leave-it vote.

**After Eight Weeks**  
The minimum health measure on which the Ways and Means Committee agreed after eight weeks of disputes is estimated to cover perhaps 1 1/2 million persons. Benefits might actually go to from 500,000 to one million in a given year.

In coverage, as in many other ways, the proposal differs radically both from a social security-financed proposal backed by labor unions and many Democrats, and from the plan sponsored by the Eisenhower administration.

Each of these would cover an estimated 10 to 12 million persons. Under the proposal before the House, each state could set up a new category under its public welfare program. It would include older persons not destitute of means for ordinary living but unable to pay heavy medical bills.

**State Would Decide**  
Each state would decide how much to provide in benefits for such persons, up to maximums including 120 days hospitalization, unlimited doctors' services, \$200 worth of drugs and \$200 worth of laboratory fees.

The federal government would contribute, according to the resources of each state, 50 to 65 per cent of the cost. The price tag has been put at about 195 million dollars federal, 147 million state funds annually.

CANONSBURG, Pa. (AP)—A dynamite blast triggered by Gov. David L. Lawrence broke ground today for construction of a \$3,480,000 Radio Corporation of America plant at Arden Downs, along the Canonsburg-Washington road.

The two-building plant will cover a 50-acre plot. It is scheduled to open next spring. The plant will be the principal design and production center for RCA communications equipment. The plant will employ several hundred workmen.

A loan of \$1,044,000 to the Greater Canonsburg Industrial Development Corp. will be used to help finance the construction.

**WARSAW (AP)**—Polish Communist Chief Wladyslaw Gomulka Tuesday night proposed a revised 1961-65 five-year plan increasing investment in development of heavy industry and agriculture at the expense of badly needed housing.

The party boss said investment in heavy industry and agriculture will each be increased about 2 per cent over the draft proposals made at the party Congress in March 1959. Investments in new housing will be 4.8 per cent lower than the original plan, Gomulka said.

## ORDER POLICE TO SEIZE ALL COIN MACHINES

SPRING LAKE, N. J. (AP)—Pennsylvania state police will be ordered to seize all multiple coin pinball machines in the Commonwealth, Atty. Gen. Anne X. Alpern says.

Miss Alpern, here attending the summer meeting of the Pennsylvania Bar Assn., said Tuesday the U. S. Supreme Court's refusal to review a Pennsylvania Supreme Court decision outlawing the machines means the end of the devices in the Commonwealth.

"Multiple coin pinball machines are now on their way out of Pennsylvania," she said. "The court's action 'should put a final period on the Commonwealth's claim that multiple coin pinball machines are illegal per se without any proof needed of gambling.'" she added.

American Legion Post No. 51 of Uniontown, Pa., had attacked the state court decision, saying the lower court had construed the Pennsylvania anti-gambling law as applying to property which might or could be used as gambling.

State police had seized several legion machines in raids three years ago.

**Circular Orbits**  
Both were aimed at near-circular orbits 500 miles high and at courses which would take them over all parts of the world between the Arctic and Antarctic circles. This covers most of the Soviet Union.

Transit II-A is an advanced version of Transit I-B, which was hoisted into orbit by the first Thor-Able Star last April 13. Both are forerunners of an operational network of Transit satellites that can give ships, submarines and airplanes accurate position fixes in any weather, day or night, anywhere in the world.

Two or three more test transits are scheduled for launching before the system becomes operational, probably in 1962. Then, four of these space lighthouses will whirl about the earth in evenly spaced orbits. They will radio a constant stream of information to be translated by navigators into longitude and latitude.

**Accurate Fixes**  
They are expected to provide accurate fixes within one-tenth of a mile. Present navigation aids give position fixes of half a mile at best and are dependent on weather.

The Defense Department has given high military priority to the Transit program because of its importance to Polaris missile submarines. By extending a whip antenna above the ocean surface, these nuclear subs will be able to obtain a position reading from the nearest Transit. This information would be vital in plotting missile trajectories.

Primary mission of the piggy back satellite was to measure various types of radiation in the ionosphere, an electrified belt extending from 35 miles to several hundred miles above the earth.

HARRISBURG (AP)—The Pennsylvania Industrial Development Authority Tuesday gave tentative approval for loans to these cities:

Dillsburg—A loan of \$37,500 to the Dillsburg Area Development Corp. of Dillsburg for a building to be occupied by the Alfred Allen Watts Co., Inc. at an estimated cost of \$125,000 and create 50 new factory jobs with an estimated annual payroll of \$150,000.

**DAMASCUS, Syria (AP)**—Official sources said today United Arab Republic authorities have foiled a plot to assassinate Maj. Gen. Ali Abu Nuwar, the Jordan army's former chief of staff who is currently a political refugee in Syria.

A Jordanian security tribunal May 4 sentenced Nuwar to a 15-year prison term in absentia on a charge of plotting to assassinate Premier Hazza Majali and Sheriff Nasser Ben Jamil, King Hussein's uncle, in Amman in 1957. Nuwar had fled to Syria in 1957.

Sources here said a Jordanian citizen, Mustaf Awad Ellaham, has been arrested and confessed that he was sent here to kill Nuwar.

## METHODISTS GREET NEW BISHOP TODAY

CARLISLE, Pa. (AP)—Central Pennsylvania Methodists greet a new bishop at the church's annual five-day conference opening here today.

He is Bishop W. Vernon Middleton, newly assigned head of the Western Pennsylvania area.

Bishop Middleton formerly was general secretary of the Division of National Missions of the Methodist Church. He is a graduate of Dickinson College, on whose campus this annual conference is being held.

Over objections of the Central Pennsylvania delegation at the northeastern jurisdictional conference in Washington, the central area was transferred from the Washington to the Western Pennsylvania area.

Under the realignment, the Central Pennsylvania Conference was combined with the Erie and Pittsburgh conferences to form the Western Pennsylvania area, replacing the former Pittsburgh area.

**Gain 10,000**  
In the process, the Central Conference gained nearly 10,000 members and 85 new churches. They were included in its boundaries from the Genesee, Central New York, Erie, and Baltimore Conferences. At the same time, the Central Conference surrendered approximately 850 members and eight churches to the Erie Conference.

The ministerial and lay delegates registered for the conference today. This evening famed Negro tenor Roland Hayes will be presented in a song recital, "The Life of Christ in Negro Spiritual."

## BRAVES JOLT GIANTS TWICE AS BUCS WIN

By ED WILKS  
Associated Press Sports Writer

The diagnosis was wrong. Those San Francisco Giants weren't suffering from Rigneyitis after all.

If owner Horace Stoneham hoped to jolt his club back to life when he replaced manager Bill Rigney with head coach Tom (Clancy) Sheehan last weekend, he neglected to let the Giants in on his motive. They've looked just as bad for Sheehan as they did for Rigney—only quicker.

It took the Giants 56 games under Rigney to lose three in a row this season, but they matched that slump in just four games under Clancy. They tumbled 5½ games off the pace in the National League race in a two-night doubleheader loss at Milwaukee Tuesday night.

Pirates beat Cardinals. The sweep, 9-6 and 2-1 in 12 innings, moved the second-place Braves within 3½ games of front-running Pittsburgh. The Pirates defeated St. Louis 3-2 as reliever Roy Face saved Vern Law's 11th victory, tops in the majors.

Cincinnati cracked Los Angeles 6-4. Last-place Philadelphia beat Chicago's Cubs 7-6 in 11 innings and led 7-5 in the second game of the two-night play when the curfew suspended play after eight innings.

Sheehan ironically has followed the same pattern that made Rigney bait for second guesses—shifting Orlando Cepeda from first back to the outfield and using starting pitchers as relievers.

Sad Sam Tagged. Willie Mays, Cepeda and pinch-hitter Dale Long each homered in the opener—but Mike McCormick and relievers Billy O'Dell and Billy Loes gave up just as many to the Braves' Del Crandall, Hank Aaron and Joe Adcock. Adcock's two-run shot off Loes that clinched it as Milwaukee came from behind with four runs in the fifth and hung the loss on O'Dell (2-7).

In the second game, Sheehan called on ace starter Sam Jones for relief in the 12th and the Braves tagged Sad Sam (9-6) with the loss. Al Spangler's one-out bunt single, a wild pitch, a walk and Red Schoendienst's single did it. Bob Buhl (7-3) won it with three innings of shutout relief.

The Pirates, like the Braves, gained their seventh victory in eight games after scoring twice in the fifth against Bob Gibson (0-1). Singles by Bill Mazeroski, Bill Virdon and Dick Groat, who also knocked in a third-inning did the job. Face then saved it, coming on with a run home and men on second and first with none out in the ninth.

Banks Leads In Homers. The relief ace picked off pinch-runner Curt Simmons at second and then struck out Daryl Spencer and pinch-hitter Stan Musial.

A two-run homer by Wally Post, just returned to the Reds, beat the Dodgers and southpaw Johnny Podres (6-6) in the fifth inning. Bob Purkey (6-3) was the winner. He gave up two-run homers by Norm Larker and John Roseboro in the sixth. Larker, 4-for-4, took over the NL batting lead with a .344 average.

Ernie Banks of the Cubs jumped into the major league home run lead by hitting his 19th and 20th in the first game. A two-out single by Tony Cury decided it and defeated reliever Glen Hobbie (6-9).

The second game, to be completed tonight, was played under protest by the Cubs when the Phils took the lead with two unearned runs in the fifth. Cub Manager Lou Boudreau protested when Tony Gonzalez was allowed to score from first after a fan picked up a wild peg by Chicago second baseman Don Zimmer.

## 3 Bradley Players Sign With Majors

PEORIA, Ill. (AP) — More famed for its basketball play, Bradley University quietly has established itself a pretty fair breeding ground for major league baseball prospects.

Three players recently were signed by major league scouts from this year's Braves baseball club, raising to 29 the number of Braves Coach Leo Schall has seen go into professional ranks in 12 years.

Pitcher Harold Kunkel and outfielder-first baseman Bill Dixon were signed by the San Francisco Giants, reportedly for a \$15,000 bonus each. The Cincinnati Reds latched onto outfielder Larry Pohlman for a bonus said to be around \$5,000.

## MANTLE'S BAT HELPS BOOST YANKS TO TOP

By DAVE DILES  
Associated Press Sports Writer

DETROIT (AP) — He has to share the headlines these days with Roger Maris, but there's no denying that as Mickey Mantle goes, so go the New York Yankees.

When Mantle started hitting, the fallen champions started climbing and now the American League has a familiar look—the Yanks on top and looking every bit like a winner.

They have won five in a row, 12 of their last 13 and 14 of 16. Mantle reached a career low May 28 when his batting average dipped to .226. The Yankees were in fifth place.

Pair Of Homers. Since then, the blond outfielder has belted the ball at a .351 clip with 26 hits in 75 trips. He has hit eight home runs in his last 11 starts.

Mantle hit a pair of them Tuesday night as the Yankees crushed the Detroit Tigers 6-0 behind the four-hit pitching of Whitey Ford, who finally joined in the victory surge. The crafty southpaw had gone nearly a month without a victory.

Mantle's first home run, in the sixth inning, just got into the lower right field seats. His second smash was a wrong-field job that curved into the first few rows of the left field seats.

Credits Right Knee. They were his 15th and 16th. Both were hit off Frank Lary, the guy who has given Yankee batters fits ever since he came into the league.

Mantle may have an explanation for his improved hitting. He said his right knee, which has given him trouble for years, hurts only "when I overstride—and I'm not overstriding now and I seem to be meeting the ball better."

A 3-for-5 performance against the Tigers raised Mantle's batting average to .276. He also stole a base and scored three runs. Maris, who tripled and singled in four trips, is batting .342 and is leading the league in home runs and runs batted in.

## WHITEY FORD BLANKS TIGERS TO PUT YANKS ON TOP IN AL

By ED WILKS  
Associated Press Sports Writer

Mickey Mantle's hobbled but hammerin', Whitey Ford's no longer a question mark and the New York Yankees have junked Frank Lary's jinx for a half-game lead that's bigger than it looks in the American League pennant race.

The Mick, limping on bum legs, drove in three runs with a pair of homers in support of Ford's four-hit shutout for a 6-0 job on the Tigers and Lary at Detroit Tuesday night. It was the first victory in almost a month for Ford, who had lost three in a row for only the second time in his nine-year career.

It also was the Yankees' second victory of the year over Lary—a right-hander they had managed to beat just twice in 14 decisions over two seasons.

Chisox Nip Orioles. While the Yankees won their fifth in a row, the Chicago White Sox clipped second-place Baltimore 4-3. Cleveland defeated Washington 5-4 and Kansas City cracked Boston 11-7, despite two home runs and four RBI by Ted Williams.

Ford (3-5), the stubby southpaw charged with the Yankees' only two losses in 17 games, bounced back by giving up nothing but singles while extending the Tigers' scoreless slump through 27 innings.

Lary (6-7), now 22-8 lifetime against the Yanks, was beaten in the fourth when Roger Maris tripled and came in on a wild pitch. He gave up 11 of New York's 14 hits, including both of Mantle's shots.

Chicago In Fourth. The White Sox, after losing four in a row, jumped past Detroit into fourth place on a tie-breaking home run by Jim Landis in the ninth. Landis, tagging reliever Chuck Estrada (6-3) with the defeat, also drove in a second-inning run and nailed a Baltimore runner at the plate with a peg from center field. Frank Baumann (4-3) won it in relief.

A two-out, two-run double by Johnny Temple in the sixth brought the Indians from behind against Washington's Pedro Ramos (3-9). Mudcat Grant (5-2), padded his career record over the nats to 13-0, but needed Johnny Klippstein's three innings of shutout relief.

Southpaw Bud Daley (10-2), the AL's top winner, took his ninth in a row with relief help from Bob Trowbridge in a four-run Boston eighth. Jerry Casale (2-7) dropped his seventh straight failing to get a man out in a five-run first. Jerry Lumpe and Marv Throneberry homered for the A's. Williams, hitting eight home runs in two weeks, now has 11 for the year and a career total of 503.

In front of good with a two-run triple in the first. Solo homers by Harris (2) in the fourth and Charley Fields (10) in the sixth wrapped the game up. George Case (7-6) was the loser.

Scatters Seven Hits. Bill Thom (7-4) scattered seven hits and George Lewis drove in five runs with two hits, including a three-run homer, to lead Allentown to a 7-2 victory over Reading. In the only other activity, Pedro Gonzales' two-run homer in the seventh inning hoisted Binghamton to a 5-4 victory over Lancaster in the first game of a doubleheader. The nightcap was suspended by curfew at the end of 12 innings with the score tied 5-5.

John Jay, chief justice of the U. S. Supreme Court, ruled that "sovereignty rested in the people and not in the state." This ruling led to the adoption of the 11th Amendment of the Constitution.

# PRESIDENT'S FAR EAST TRIP IS LESS THAN HUGE SUCCESS

By JOHN SCALI

HONOLULU (AP) — President Eisenhower's swift Far East tour added up to another personal triumph but something less than a howling success on the tension-ridden international front.

A total of about three million spectators applauded, yelled and even squealed with delight whenever he drove by in Korea, the Philippines, Formosa and Okinawa.

But Eisenhower realized as well as anyone that the cheers of the crowds will not solve some of the critical foreign policy problems in the area.

**Losses Outweigh Gains**  
There are solid signs his brief Hawaiian rest is only an interlude for a fresh new look at some of the harsh problems that turned up during his travels.

Eisenhower, weary from his 16,000-mile tour, has yet to sum up his personal reaction to his journey — the first that ended in a swirl of controversy.

But, in balancing out the pluses and minuses, it appears that the sudden, embarrassing collapse of his visit to Japan outweighs the gains evident thus far.

**Diplomatic Fears**  
Diplomatic officials fear this single development, with its potentially explosive aftermath, in time could even dull the prestige Eisenhower added to the American name in Korea, the Philippines and Formosa.

Japan with its highly industrialized society long has been the kingly around which American foreign policy revolve in the Far East, just as Germany served as the focal point for European policy.

If Western-style democracy wavers in Japan, then Eisenhower's need to cancel his Tokyo visit for fear of left-wing student riots, will be remembered as the unhappy high point of his Far East travel.

**List Of Successes**  
For the time being, Eisenhower has succeeded in chalking up

## Reapportionment Of Senate Sought

HARRISBURG (AP)—Reapportionment of the State Senate for the first time since 1921 has been proposed by the Democratic floor leader.

A resolution introduced Monday by Sen. Charles R. Weiner, Philadelphia, would create a five-man committee to draft and submit to the 1961 Legislature a plan for re-alignment of the 50 senatorial districts on the basis of the federal census.

Weiner noted that the State Constitution requires reapportionment, if necessary, every 10 years on the basis of the federal headcount.

He said the present districts are out of balance, claiming that each senator should represent 225,000 persons. But, he said some have almost a half million constituents.

HARRISBURG (AP)—Congressional approval of a bill to extend the federal library services act has been urged by Gov. Lawrence.

In a weekend letter to Pennsylvania's congressional delegation, Lawrence said the state's plan for the improvement of public library services depends largely on the continued federal aid the extension would provide.

these successes:

**Korea**—Eisenhower appears to have done some good in prodding Koreans rejoicing in the overthrow of ex-President Syngman Rhee's regime toward genuine democracy. He reassured them the United States would stand firmly in helping beat back any new attack by Red China or Communist North Korea.

**Formosa**—Eisenhower eased worries about Red China by pledging to join with the Nationalists in defending embattled Quemoy if an attack on this island appears aimed at invasion of Formosa. Eisenhower also made some headway in urging Generalissimo Chiang Kai-shek to push ahead with economic reforms.

**The Philippines**—His appearance succeeded in convincing many the United States does not take pro-American Filipinos for granted. Eisenhower's Manila reception also may have blunted start of a potentially difficult Philippines-first movement. It also might have aroused greater expectations for American economic aid as well as military aid.

## Nixon In Dakota; Rocky To Cheer GOP; Wagner For Jack

By THE ASSOCIATED PRESS

Vice President Richard M. Nixon moved from agriculture to the general economy Tuesday in his series of speeches on national issues.

His first speech, delivered in Minot, N.D., Monday night, was significant both for what he said and what he didn't say.

He called on the free world to turn its food surpluses over to the United Nations to feed the one billion persons who go to bed hungry each night.

But he didn't give his stand on price supports, a controversial subject in the farmlands.

Gov. Nelson A. Rockefeller of New York, Nixon's only rival for the Republican presidential nomination, said he would campaign nationally for the party's candidates in the fall.

**Rockefeller Cheers GOP**

Rockefeller's statement drew an official cheer from GOP National Chairman Thruston B. Morton. But some Republicans viewed a national tour with misgivings.

They were afraid the governor might stray too far from the crucial New York electorate. They feel Nixon, the likely nominee, would need the state's 45 electoral votes to win the election.

Nixon's farm address Monday night came before a Republican rally of 5,000. He said it wouldn't be proper for him to comment on price supports since the administration bill still is before Congress.

**Wagner For Kennedy**

Nixon was in North Dakota to support the candidacy of Gov. John E. Davis, running for the Senate in a special June 28 election. His opponent is Rep. Quentin Burdick.

Although Nixon strongly urged the election of Davis, he disagreed with the governor on one major issue. Nixon said he is in favor of the soil bank program. Davis is against it.

In the Democratic race, Mayor Robert Wagner of New York announced his support of Sen. John F. Kennedy of Massachusetts for the presidential nomination.

## State Senate Pays Homage To Elliott

HARRISBURG (AP)—Members of the Senate paid homage Monday to the memory of their recent colleague, the late U. S. Rep. Douglas H. Elliott (R-Pa.).

A moment of silence was observed "to express in a small way our deep sympathy and sorrow" over the death of Elliott on Sunday.

Elliott represented Adams and Fulton counties in the Senate until his election two months ago to succeed the late Rep. Richard M. Simpson.

Elliott's death was ruled suicide by carbon monoxide poisoning.

## Medial Barriers On Turnpike Delayed

HARRISBURG (AP)—Installation of medial strip barriers along the length of the Pennsylvania Turnpike is not contemplated at this time, says the toll road's operations director.

Franklin V. Summers, replying Monday to a letter from a Lancaster County physician, said there is no basis for installing the barriers now. He added that their safety value hasn't been proved, saying that on the 45-mile stretch where barriers have been erected the fatal accident rate has increased.

Dr. E. J. Kowalewski of Rothsville wrote the Turnpike Commission and Gov. Lawrence that barriers would prevent out-of-control autos from crossing the medial strip into the path of oncoming traffic.

## Clark Votes For Repeal Of Tax Cut

WASHINGTON (AP)—Sen. Joseph Clark (D-Pa) voted Monday with the majority as the Senate adopted, 42-41, an amendment to repeal the 4 per cent income tax credit allowed stockholders in their dividend income. Sen. Hugh Scott (R-Pa) voted against it.

Both Scott and Clark voted with the 52-29 majority as the Senate defeated an amendment to allow the 10 per cent tax on train, plane and bus fares to expire June 30. They also were with the majority in another vote on taxes, 54-30 against repeal of the federal levy on local telephone service and telegrams.

The two split, however, when the Senate adopted a tax bill amendment offered by Clark curtailing the entertainment expenses which may be written off as business expenses for tax purposes. The amendment passed 45-39 with Scott opposing it.

## SENATE ADJOURNS

WASHINGTON (AP)—The Senate adjourned Monday night out of respect to Rep. Douglas H. Elliott (R-Pa) who committed suicide Sunday.

The Senate adopted a resolution expressing its sorrow at the death. Sens. Hugh Scott (R-Pa) and Joseph Clark (D-Pa) were named to represent the Senate at the funeral.

VIENNA, Austria (AP)—Soviet Premier Nikita Khrushchev and top East European leaders attended the opening Monday of the Romanian Communist party's third congress.

The conference is expected to discuss an economic plan covering a period of 15 years. Romania would be the first Communist-ruled country to adopt such a superplan.

## RED CHINA ATTACKS U. S.

TOKYO (AP) — Red China has launched an "anti-U.S. imperialist propaganda week" keyed to its furious campaign of vituperation against President Eisenhower.

Drumming out its main theme—that Eisenhower's Asian good-will tour was a flop—the campaign went into high gear at mass rallies across China. Peiping radio said millions of Chinese were screaming denunciations of the American president.

Eisenhower was described as the "chieftain of U.S. imperialism," the "god of plague" and the "vicious wolf of Western imperialism."

Newspapers, radio stations, posters on sidewalk bulletin boards and public address systems piped into every town and village square blared their message of hate against the United States in general and Eisenhower in particular.

**Fire Threatens To Blast Grain Mill**  
WAVERLY, N. Y. (AP) — A smoldering fire that witnesses said threatened to explode a large grain mill was brought under control early Tuesday.

After an intensive search by firefighters from four surrounding communities, the fire was located and confined to a small area of the four-story frame building, Tiooga Mills.

Black, acrid smoke belched from the windows shortly before midnight. The mill, which manufactures feed, is in an isolated section along the Erie-Lackawanna Railroad tracks in the east end of the village.

HARRISBURG (AP)—The House paid tribute Monday night to Leonard A. Unger, former Associated Press correspondent here, who died March 26.

Unger, a native of Shenandoah, had been correspondent from December, 1958.

The House adopted a resolution of condolences, sponsored by the two floor leaders, Rep. Stephen McCann, Democrat, and Albert years of covering the Legislature praised Unger's work in his 15 years of covering the Legislature.

## Man's Desk Drawer Tells Story Of Life In Business

By HAL BOYLE  
NEW YORK (AP) — An office desk is the silent biographer of the man who works at it.

Most desk drawers contain files dealing with the firm's business. But there is also usually a drawer in which the man who works at the desk keeps personal belongings.

Over the years the contents of this drawer tell by their mere mute presence the whole drama of his life—his hopes, his problems, his failures and his victories.

## Mirrors Changes

When the man is 25, the personal drawer of his shiny new desk is nearly empty. It contains the picture of a big-bosomed actress in a low-cut gown, a razor so he can shave at the office after work and not have to go all the way home to get ready for his date, three cubes of sugar, a sheaf of letters from girl friends and an invitation to a cocktail party.

When the man is 35, his desk drawer mirrors his growing responsibilities.

**More Tablets**  
It holds a picture of a sweet-faced young woman and two little girls in bathing suits, a packet of stomach mints, two packs of cigarettes, a cleaning rag to polish the top of his desk, and six sugar cubes—for coffee breaks.

When the man is 45, the desk drawer has much more to tell. It holds a half-empty box of aspirin tablets, two rolls of stomach mints, four packages of cigarettes, nine match packets, a bottle of antacid pills, a cleaning rag, and 12 sugar cubes.

## Grandchildren At 55

When a man is 55, the desk drawer gets really crowded. It has a dozen kinds of pills, capsules, tablets and bottled medicines. There are two pipes, a pouch of tobacco, and a book on "How to Give up Cigarette Smoking."

There are letters from his wife who is visiting their first grandchild, letters from old friends trying to borrow money, a letter from the bank congratulating him on finally paying off the mortgage on his home and two notes from his boss bawling him out for indecision in settling a business matter.

At the bottom of the boss's notes the man has scribbled defiantly: "Who the hell does he think he is? I was running this job when he was in kneepants!"

Naturally the cleaning rag is still there—and 24 sugar cubes.

When the man reaches 65, the desk drawer is stuffed with the debris of 40 years.

## Desk Begins Over

Slowly, thoughtfully, the man arises tiredly, takes out the desk drawer and empties its entire contents into a wastebasket. He takes the cleaning rag, polishes the drawer, puts it back into the desk, tosses the time-soiled rag into the wastebasket.

He sits at the desk for a long moment, running his hand over

## Money Rates Will Remain High; Inflation Unlikely As Credit Becomes Issue

**Editor's Note** — Business followed an uncertain course in the first half of 1960. Its outlook for the second half is discussed by Sam Dawson, AP business news analyst, in a three-part series. In this, the first, he takes up the role money and credit played and will play in business activity, stock and bond markets, home building and economic growth.

**By SAM DAWSON**  
AP Business News Analyst  
NEW YORK (AP)—Money—or the lack of it—colored much of the thinking both private and public in the first half of the year. Tight or easier, dear or cheaper, flowing into more hands or slipping away in countless new ways, it was money that stole many of the headlines.

It made the news in the stock and bond markets. It is a political as well as a financial issue among the money managers in Washington—the Federal Reserve Board, the U. S. Treasury, the many in Congress who have strong ideas about its role in economic growth.

Money, tight or easy, is a factor in home building, small-business financing, and in your decision whether it's wiser to save or to spend.

**Midyear Truce**  
At midyear there is something like a truce. Money isn't as tight, but it isn't really easy either. Individuals find it about as hard to come by, and perhaps a bit harder to hold onto.

MOSCOW (AP)—A Soviet-Cuban communique published in the Communist party paper Pravda Monday said the Soviet Union will buy 425,000 tons of Cuban sugar the rest of this year to full its pledge to purchase a total of one million tons.

BALTIMORE (AP)—H. I. Lewis Construction Co. of Middletown, Pa., submitted the apparent low bid of \$44,892 for construction of a radar tower at Joliet, Pa., the U. S. Army District Office reported Monday.

The project also calls for a one-story building and fuel storage tank.

## Money Rates Will Remain High; Inflation Unlikely As Credit Becomes Issue

Chances for more available credit and lower interest rates look good for the second half of the year. But not much more funds, not much easier terms.

Individuals are being promised plenty of money to finance their installment purchases, and more money that can be borrowed for mortgages. But interest charges on long-term projects are still sticking about as high as in the days of tightest money.

**No Lower Rates**  
Business isn't demanding so much in loans as in the early days of the recovery from the 1958 recession—hence much of the ease in the short-term money market. But the banks say they are pretty well loaned up in relation to deposits and see no immediate reason to lower interest rates, even if the Federal Reserve Board did lower the charge on money it lends to them.

State and local agencies and corporations seeking long-term loans are finding more funds

available now, but the interest costs are still high by the standards of a few years back. The Federal government is paying less for its short-term borrowing, but finding it hard to get takers for its long-term bonds.

Stock and bond prices have seen-sawed as investors compared their yields and tried to judge the chances of further inflation. Stocks enter the second half of the year yielding a bit more than at the first of 1960 because of the late winter shakeout of prices, while bonds yield less as their prices have risen.

**No Inflation Fear**  
Investors see little fear of further monetary inflation for a while. But they think the money managers would quickly return to tight money if a boom should start in the fall.

Dividend totals continue to rise. But the number of companies raising payments seems to be dwindling.

And the political battle over whether the country needs easier credit and greater growth, or sound money and stable prices will wax noisier, at least until after the election.

## Donald Campbell Will Try To Bring Land Speed Mark Back To Clan In September

By HAL BOYLE

NEW YORK (AP)—Why should a wealthy businessman with a pretty wife—and a great joy in living—want to risk his life trying to drive a car more than 400 miles an hour?

"You can't logically explain why you feel something has to be done, and you are the one who must do it—at least I can't," said Donald Campbell.

"This is something you either feel, or you don't feel."

**Idolized Father**

He idolized his father, the late Sir Malcolm Campbell, and watched as his father in his last race against time in 1935 roared across the Bonneville Salt Flats in Utah at 301 miles an hour.

"That was the ninth time he broke the land record," recalled Donald. "No other man broke it more than three times."

Donald, now 39, was only 14 when he thrilled to his father's feat.

**Holds Water Record**

"Little did I think I'd be back 25 years later trying for a record myself," he said.

Donald, no stranger to speed, has broken the water speed record six times and holds the present record of 260.35 miles an hour.

It was five and a half years ago that he decided to bring the land speed record back into the Campbell clan. His target is the 396.196 m.p.h. mark set at Bonneville in 1947 by the late John Cobb.

**Will Try In Fall**

The elder Campbell died in bed at 63. Cobb, his rival, died in 1952 in a speed boat accident.

Donald's ride to glory or defeat at Bonneville this September will

be made in a 30-foot gas-turbine car, called "Bluebird," the same name borne by a long string of Campbell speed cars and boats since 1911.

It is a four-million-dollar venture.

**Aims At 400 M.P.H.**

Campbell is bringing over 80 tires and 35 tons of engineering equipment and spare parts. The car is designed to go 500 m.p.h. but anything over 400 m.p.h. will set a mark.

"The strain on the tires will be about 100 times greater at 475 m.p.h. than at 400 m.p.h.," he said. "But I figure the fun really starts at about 450 m.p.h."

Donald, a slender, dark-haired, friendly man with the handshake of a blacksmith, is mildly annoyed at people who class speed record attempts with ordinary car racing.

**Is Lonely Game**

"Auto racing is colorful and romantic," he observed. "But record breaking is an adventure into the unknown. It is a cold-blooded lonely game. There is a carefully planned schedule of tests to follow. It calls for great accuracy and hellish mental discipline."

Campbell brushes aside the danger.

"I never take an unnecessary risk—to do so is foolhardy," he said.

He and his wife, Belgian singer Tonia Bern, are quietly hopeful of victory. As coholder of both the land and water speed crowns, Donald could then look forward to the same honor that capped his father's career—knighthood.

## RAIL SPENDING LOOKS TO FAST HANDLING ERA

By SAM DAWSON

AP Business News Analyst

NEW YORK (AP)—One group looking for a silver lining in the railroads' well-publicized competitive and financial plight is the makers of rail equipment.

They expect to profit, not from the standard freight cars of yesterday but the new and special equipment of today and tomorrow.

They see the railroads turning to the new in a coming do-or-die battle to get more of the nation's products back on the rails.

Already the equipment makers have reported order and output gains after a dreary time in the 1958 recession.

**Huge Expenditures**

The Department of Commerce predicts railroads will spend more than one billion dollars for new plant and equipment this year, or 92 million dollars more than last year. The equipment builders are rolling out new devices to tempt still further spending.

The backlog of equipment orders here is still high, although new orders are lagging of late. But some immediate help is looked for from more ordering of piggy back equipment—and if labor unions and federal agencies relax their stands, more buying of expensive automation equipment.

Modernization of freight equipment now offered the roads has gained steady ground of late.

**Entering New Era**

John W. Scallan, president of the American Railway Car Institute, contends that "the railroads are entering a new era. Where once only a minimum of special equipment and service was provided, today shippers have their choice of a wide variety of equipment specifically designed to do a special freight-moving job."

One of the latest developments cited is a triple deck auto carrying car. This 85-foot car, made by Pullman-Standard, is being used by the Frisco Railroad to carry 12 full-size autos or 15 compact cars.

The Pacific Fruit Express Co. is installing new insulated refrigerator car doors made from plastics developed by Koppers Co. and Borg-Warner Corp. The doors are said to save 400 to 500 pounds in weight.

American Car & Foundry has introduced a covered hopper car which can be unloaded pneumatically through a hose directly into

## Taneytown

MRS. JAMES LEISTER

Mr. and Mrs. William Six and son, Jay, of Frederick; Mr. and Mrs. Newton Six Jr. and daughter, Donna, Tony Hyser and Lisa Baso, Middleburg, Md., and Mr. and Mrs. Paul Hahn and sons Paul, Ted and Philip, of Thurmont, were Sunday guests of Mr. and Mrs. Wilford Smith and Mrs. Newton Six, S. Antrim St.

A demonstration on the pre-trucks. Other companies are also active in this field. General American Transportation Co. for several years has produced an air-slide flour car.

Perhaps the most noticeable change is the trend toward longer freight cars. A few years ago the standard flat car was 40 to 50 feet long. Today the 85-foot car is on the way to becoming commonplace.

## 3 OLD MOVIES "PROS" TAKE TOP TV HONORS

By JAMES BACON

AP Movie-TV Writer

HOLLYWOOD (AP)—A trio of old movie pros — Sir Laurence Olivier, Ingrid Bergman and Robert Stack—in their first try at television walked off with the top TV Emmy awards Monday night.

Harry Belafonte became the first Negro ever to win an Emmy. Jackie Gleason's former second banana, Art Carney, won an award for the best comedy show.

**Two Winners in Europe**

Olivier, generally rated the greatest English-speaking actor, won his Emmy for his portrayal of a character based on the artist Gauguin in "The Moon and Sixpence."

His award was accepted by Charlton Heston, this year's movie Oscar winner, who said: "I will say something that Larry would not say himself — he deserves it."

Both Olivier and Miss Bergman, a two-time Oscar winner, were in Europe. The Swedish actress won her first TV award for the chilling "Turn of the Screw."

**Won Either Way**

Stack, who plays the gang-busting Elliott Ness in "The Untouchables," would have won even if he had lost.

His boss, Desi Arnaz, had a \$12,000 Mercedes Benz sports roadster waiting for him in the parking lot.

"I was going to give it to you win or lose," Arnaz told the flabbergasted Stack.

**Best Actor**

Stack won his Emmy as the best actor in a series. The award for the best actress in a series went to Jane Wyatt, the wife and mother of the Anderson family in

and freezing of foods will be held on Thursday at the Taneytown Southern States warehouse, York St.

Mr. and Mrs. Charles R. Clutz, Keysville Rd., and Edgar Boller and daughter, Geraldine, of Thurmont, were Sunday dinner guests of Mr. and Mrs. Ray Boyle, Baltimore.

Mrs. Mary Coyne, Baltimore, and Miss Mary Shean, Washington, D. C., were Saturday guests of A. H. Carpenter and sister, Miss Liza Carpenter, Crouse Mill Rd.

Mrs. Percy Putman, Emmitsburg Rd., spent several days recently with Mr. and Mrs. Edgar Streivig and family, Frederick. They visited Percy Putman, a patient in Western Maryland State Hospital, Hagerstown.

Weekend guests at the home of Mr. and Mrs. William J. Haycraft and daughters, Uniontown Rd., were Mrs. Eva Haycraft and daughter, Novice; Mrs. Maggie Miller and daughter, Hiland, of Bowling Green, Ky., and Mr. Haycraft's brothers and sisters who came to attend the Haycraft reunion.

## "Father Knows Best."

Belafonte won for the best performance in a variety or musical program. He accepted his Emmy from Fred Astaire, who also was nominated for the award.

Carney, competing with such top bananas as Danny Thomas, Jack Benny and Red Skelton, won his award for the "Art Carney Special Show—VIP."

**Other Winners**

The show, staged and telecast from both Hollywood and New York, gave other Emmys to:

Playhouse 90 for the best drama show.

CBS' "Fabulous Fifties," best variety program.

The Huntley-Brinkley Report, best news program.

CBS' "20th Century," best public affairs program.

Writer Rod Serling for his series "Twilight Zone," best written drama.

Jack Benny's four writers, best comedy writing.

"Huckleberry Hound," a cartoon series, the first syndicated show ever to win an Emmy, won for the most outstanding children's program.

## WOULD SPEED PA. ROAD WORK

HARRISBURG (AP)—A proposal to speed construction of the federal interstate highway system in Pennsylvania by borrowing up to 500 million dollars has been made in the Senate.

Sen. Z. H. Confair (R-Lycorn) introduced a bill Monday to authorize the State Highway and the Bridge Authority to borrow the money.

"It is necessary to speed up construction," said Confair, president of the Keystone Shortway Assn. He said the Commonwealth was assured of receiving federal aid to repay the loan.

Sen. Z. H. Confair (R-Lycorn) introduced a bill Monday to authorize the State Highway and the Bridge Authority to borrow the money.

The bill was sponsored by Sens. Paul L. Wagner (R-Schuylkill), George B. Stevenson (R-Clinton) and Harold Flack (R-Luzerne).

**Settled In Time**

Settlement of the 22-week-old writers' strike against Hollywood TV film producers came in time to permit opening of the new TV season next fall on schedule. Producers had feared a continuation would force networks to continue re-runs beyond September and October when new shows bow in. However, it will take extra work to make deadlines.

## STONEHENGE CELEBRATION UNHINGED BY TITLE FIGHT

By EDDY GILMORE  
STONEHENGE, England (AP) — Floyd Patterson's knockout victory almost kayed the Ancient Order of Druids' annual greeting to summer's sun Tuesday.

Fifteen white-sheeted members of the cult gathered before dawn amid the prehistoric ruins of Stonehenge for age-old rites welcoming summer's first day. But they kept their ears cocked to the portable radios carried by dozens among the 3,000 young Britons who assembled on Salisbury Plain for midsummer eve revelry.

"What Round?"  
Two minutes before the sun rose, the chief Druid intoned:

"We have come here this morning to the place of eternal light."  
From beside him came another Druid's stage whisper:

"What round did Patterson get him in?"

Because of an orgy at the ceremony last year—when a beatnik girl danced bare-bosomed on the Stonehenge altar stone—the police were out in force.

Cops Listened Too  
Twice they held back excited girls in blue jeans who tried to join the Druid observance.

The police didn't interfere with the unrestrained drinking or the young couples smooching beneath blankets between the ancient stones. But three or four times they broke up living on top of the 60-ton stones.

A policeman made a half-hearted—and fruitless—attempts to waken a slim brunette passed out beside one of the stones. He, too, kept listening to the blow-by-blow broadcast of the Patterson-Johansson fight.

Don't apply too much water to your lawn. Otherwise you will make the earth waterlogged and keep needed air from the grass roots.

## Former N. Y. Gov. Says 'Be Calm'

NEW YORK (AP) — Former Gov. W. Averell Harriman warned Tuesday against a get-tough attitude toward the Soviet Union.

Harriman, who served as ambassador to Moscow during part of World War II, said such an attitude would only "strengthen the Stalinists in the Kremlin, which will drive Moscow closer to Peking, and terrify our friends and allies around the world."

In a statement for a local hearing by the Democratic National Platform Committee, Harriman said: "I recognize that it is not easy for us to remain calm—and get tough has a popular appeal in view of the insults that Khrushchev has been heaping on our country and our president. Khrushchev's proposed visit to Cuba will add to the provocation."

However, he added, "a calm attitude and considered determination at this time are the way to advance the free world's cause in the struggle against communism."

## TUSSAUD WILL REPAIR JONES

LONDON (AP) — They got Anthony Armstrong-Jones out of the police station Tuesday and took him home — to Tussard's Waxworks.

He was in pretty bad shape. Both of his hands were broken off and there were divots in his wax head. It will be necessary to re-color his face. He will be unable to make a public appearance until Wednesday or Thursday, said Roy Lane, Tussard's exhibition manager.

The life-like, life-sized effigy of Princess Margaret's husband was stolen from the waxworks Friday night. It was found in a telephone booth a mile away at 2:30 a.m. today by a policeman. The dummy was draped over the telephone and, at first, constable Leonard Edwards thought it was a drunk.

The dummy had a green placard tied around its neck with "Welcome Home" written on it. Armstrong-Jones and Margaret returned from their Caribbean honeymoon on Saturday.

## BILL OF SCHOOL CONSTRUCTION ALMOST READY

By WILLIAM F. ARBOGAST  
WASHINGTON (AP) — The House Rules Committee took a big step Tuesday in the direction of getting to President Eisenhower a school construction bill he might sign.

It agreed to hear a House Education Committee request that conferees representing the Senate and the House be allowed to try to work out a compromise measure. Without Rules Committee clearance, conflicting bills passed by the two branches could not be reconciled before Congress adjourns.

The committee's decision apparently meant that leaders of both political parties have determined that Congress should not adjourn without passing some kind of a school bill.

No Compromise  
Informal agreement already has been reached on major terms of a possible compromise, sponsors of the House bill have reported. But until the Rules Committee acts, no formal compromise can be drafted and referred to the two houses.

Chairman Howard W. Smith (D-Va) has set no date for the Rules Committee hearing but has advised Chairman Graham A. Barden (D-NC) of the Education Committee that Barden may have a hearing at his convenience.

The school bills have been stymied on the desk of House Speaker Sam Rayburn (D-Tex) since June 9. Rep. James C. Davis (D-Ga) objected then when unanimous consent was asked to agree to a Senate request for a conference.

The House bill contains an anti-segregation provision which the Senate refused to accept. But the Senate measure is more costly and would permit use of some federal funds to bolster teachers' salaries, a provision rejected by the House.

The House bill would provide \$1,300,000,000 to be spent over a four-year period exclusively for school construction and allocated on the basis of each state's school-age population.

The Senate bill calls for \$1,800,000,000 to be spent during a two-year period and to be disbursed on a formula based on each state's needs, with the state deciding whether to spend it for construction or for teachers' salaries or both.

The compromise most often discussed informally would drop the anti-segregation provision and the salary clause and retain the Senate distribution formula.

Lane and a helper collected the somewhat ravaged figure. The disappearance of the \$1,400 wax figure Friday night had all the appearance of a prank. A newspaper vendor reported he saw three persons carry the effigy away from the museum and drive away with it in a Rolls-Royce.

## FORCE PILOTS TO END STRIKE

MIAMI, Fla. (AP) — Eastern Air Lines pilots were returning to work Tuesday, under pressure from their union and the courts to end a crippling, 10-day-old wildcat strike.

A National Airlines strike set for Tuesday was averted when the union agreed to resume contract negotiations with management with a federal mediator sitting in.

A wave of sick reports by pilots continued to hamper operations of Pan American World Airways. Eastern said 35 of its Miami pilots telephoned for flight orders Monday night. The line said the break "sounds very encouraging."

Eastern's flights out of Miami dwindled from a normal 55 daily to none when pilots struck at midnight June 10 in protest to federal flight check inspectors' sitting in third-pilot seats. Two to seven flights took off from Miami in the past three days. A federal judge ordered all pilots back to work, but Eastern's dispatchers couldn't reach most of the fliers to give them assignments.

## LIPPI GUILTY OF BRIBERY

WILMINGTON, Del. (AP) — August J. Lippi, a peppy man of 59 who has spent all his working life in and around Pennsylvania's hard coal mines, was convicted Monday of labor bribery charges. He promptly announced he would seek a new federal trial.

"I got involved just because I returned a favor for a friend. And now he's dead and can't help me," Lippi said.

Lippi, of Exeter, Pa., is president of United Mine Workers District One. The conviction threatens the \$17,000-a-year job he has held since 1951.

He was found "guilty of all three counts" by a jury of eight men and four women who deliberated the Taft-Hartley violation charges for nearly three hours before returning a verdict. Each juror, polled at the request of defense counsel Joseph Brennan, stood up and said "guilty." The trial lasted six days.

## Rescue 115 From Orphanage Blaze

CHATTANOOGA, Tenn. (AP) — Quick-acting housemothers rushed 115 children—including eight infants—to safety Monday night as fire roared through a two-story suburban orphanage.

None of the children or the nine housemothers were injured in the fire. The scared, crying children, were taken to private homes, schools and churches to spend the night.

As a young man, publisher Joseph Pulitzer was elected to the Missouri State Assembly. He continued working as a newspaper reporter at the same time.

## GANG RUMBLES WHILE ROBBINS DIRECTS SHOW

By BOB THOMAS  
AP Movie-TV Writer  
HOLLYWOOD (AP) — The lean, tanned, intense man was teaching a West Side New York gang how to rumble.

"You're all excited," he instructed the youths. "You're out to show that the Jets are the toughest gang in the neighborhood. You feel as though you belong, as though you're going to accomplish something really great."

The motley gang, led by Russ Tamblyn, responded with fierceness, but director Jerome Robbins wasn't satisfied. "You've got to do some homework on this," he complained. "You've got to go

home and think about the character each of you is playing—his resentments, his frustrations, his tensions."

## Staged A Ballet

Robbins was rehearsing a number for "West Side Story," bringing to the screen the same meticulous art that has made him one of the top creators of the stage and ballet.

Robbins has labored in Hollywood only once before: he staged the "Uncle Tom's Cabin" ballet in "The King and I."

"I was working in one of the big studios," he recalled, "and there were many things over which the director has no control. I felt no sense of accomplishment after I finished."

But he has returned to co-direct "West Side Story" with Robert Wise, an unusual arrangement in a town where directors are usually solitary monarchs.

Robbins Brainchild  
The reason Robbins temporarily abandoned the living theater is

that "West Side Story" is his baby.

"I got the idea for it back in 1947," he said, "I was working at the Actor's Studio then and an actor came to me with a problem. He had to play Romeo, and he couldn't figure how to make the character come alive. I studied 'Romeo and Juliet' and it struck me what a great idea it would be to bring it up to date."

He tried to interest composer Leonard Bernstein and author Arthur Laurents in collaborating with him on it, but the pair didn't get along. The project died.

Ten years later, Bernstein and Laurents did an about-face and were working together on a show for which they sought help from Robbins. "It's a pile of junk," the choreographer told them. "Why don't we go back to our Romeo and Juliet idea?"

They agreed, and the result was the classic love story set amid the gang warfare of New York streets.

## Hikes 1,500 Miles To Scout Jamboree

BEAVER FALLS, Pa. (AP) — Boy Scout Donald Laszacs, 18, of nearby Chippewa Twp., is hiking to Colorado Springs, Colo., for the National Scouting Jamboree. He's carrying a 50-pound pack.

His father, Frank Laszacs, said Monday Donald has been averaging about 25 miles a day on the 1,500 mile trip. He spent Sunday night in Upper Sandusky, Ohio.

"He may not make it in time for the jamboree," the father said. "If he doesn't, he plans to go on to a Boy Scout camp in New Mexico for a visit."

When George Washington resigned as commander-in-chief of the Continental Army after the Revolution, he appeared for the ceremonies attired only in a plain buff and blue uniform. It carried no military insignia.

## TAX BITE MAY DETERMINE REMATCH DATE

By MURRAY ROSE  
Associated Press Sports Writer  
NEW YORK (AP)—Floyd Patterson and Ingemar Johansson have a problem that should happen to everyone. They would like to fight again within 90 days and earn maybe a million bucks apiece. But they may not be able to afford it this year because of the tremendous tax bite.

The two young heavyweights, recrowned champion Patterson, and dethroned Johansson, may have earned record purses of a million dollars each for their second fight Monday night.

So the answer to whether there will be a rubber match this year most likely will be furnished by their lawyers and financial advisers.

### \$3,000,000 In Extras

The explosive fight in which Patterson regained the title by flattening the Swede in the fifth round, lured \$1,892 paying fans and \$824,891 to the Polo Grounds.

Irving Kahn, the president of TelePrompTer which handled the closed circuit television, movies and radio, said the extras will gross about \$3,000,000. Of this, he said optimistically, the fighters should collect between \$800,000 and \$900,000 each in addition to \$175,000 each from the gate receipts.

Gene Tunney set an all-time high of \$990,445 for his second fight with Jack Dempsey at Chicago in 1927, an era in which the tax bite was mild compared to what it is today.

### Willing To Fight

At separate press conferences Tuesday, Johansson and Patterson said they would like the third fight within 90 days. Naturally the promoting Feature Sports, Inc., was more than anxious to oblige. Patterson, elated at becoming the first former heavyweight king to regain the crown, said he had a contract for a third fight with

## Princess Grace Here For Funeral

PHILADELPHIA (AP)—Princess Grace and Prince Rainier of Monaco arrived here today to attend the funeral of the princess' father, John B. Kelly Sr.

The Rev. Francis Tucker, spiritual adviser to the royal family of Monaco, and Phyllis Blum, secretary to the princess, accompanied the couple.

Kelly, 70, a nationally known brick contractor, civic leader and former Olympic champion oarsman, died Monday of intestinal cancer.

## FACE IS PACING PIRATES AGAIN AS AGE HURLER

By MURRAY CHASS  
PITTSBURGH (AP)—That little man with the fork ball is baffling the opposition as well as ever. Elroy Face of the first-place Pirates did again Tuesday night.

Face came on in the ninth inning with two St. Louis Cardinals on base, none out and the Pirates leading 3-2.

The first thing Face did was pick Card runner, Curt Simmons, off second. Then he fanned Daryl Spencer and pinch-hitter Stan Musial.

### Tossed Fork Ball

"The knockout pitch to Spencer was a fork ball," Face said.

"Actually I threw three fork balls to Spencer. One was a ball, Ingo and intended to fulfill it."

"If I should win," he said, "I would like to negotiate with other contenders, possibly (Sonny) Liston."

"Different" Next Time  
Liston, the hottest and heaviest hitter among the contenders, meets Zora Folley of Chandler, Ariz., at Denver July 18. Liston is from Philadelphia.

"I want the return," said Johansson, 27, who suffered the first defeat of his pro career. "Patterson was fresher and stronger this time. He caught me with a good punch and that was that. Maybe next time it will be different. I always said anything can happen in a fight. This time it happened the better for him. The next time it can be my turn."

The Brownies do not camp out overnight, but will have a cookout. The Intermediates attending day camp are working for the rambler badge, and the fly-ups are working for the star badge.

Maus Morehead Jr., Mrs. Richard Bixler, Mrs. Richard Emerson, Mrs. James H. Spalding and Mrs. John H. Flickinger. The closing program of the camp will be held on Friday at 1:30 p.m.

### Foundry Picnic

Five hundred and fifty persons, employees of the Littlestown Hardware and Foundry Company, Inc., and their guests, enjoyed the annual picnic held Saturday afternoon in the Christ Church picnic grove, near town. Fried chicken and a variety of picnic foods were served. There were pony rides for the children, bingo for the adults and other group games. Door prizes went to Addison Stair, Mrs. Arlean Greason, Ralph Morgart, Robert Bevenour and Mrs. Francis Laugherman. Committee who served for the event were: Refreshments, Robert Spangler, who was general chairman, Reed Milburn, Roy Bollinger, Donald Cook and Fred Harner; games, Roy Bollinger and Edward

the next he missed and the last was a fork," he added.

Next came Musial. "Two of the pitches Musial missed, including the one he struck out on, were fork balls," Elroy related.

### Pickoff Throw

An equally important toss was not a fork ball, though. That was Face's pickoff throw.

"When I came in," Face said, "I was thinking that I would try to get the first guy (Spencer) to hit into a double play and then work on the last guy."

His thinking changed, however, when shortstop Dick Groat broke toward second.

"When he did that, I thought I had a chance to get the runner so I threw to second," Face said. "It was prearranged. This was our daylight play."

Daylight at night? Face explained.

"I just wait until I see daylight between the runner and Groat as he leads to second."

"Then I have a good chance to get the runner because the shortstop has a good jump on him, especially if the runner is leaning the opposite way."

Then followed the two strikeouts and Face had his 10th save in 28 appearances.

Adams; soda, Fred Breighner and Donald Cook.

## Mortuary Hit By Strike On Tuesday

PITTSBURGH (AP)—Two funerals at a Pittsburgh mortuary Tuesday almost had pickets as pallbearers.

The pickets walked the sidewalk outside Beinhauer Mortuary as members of the Beinhauer family performed duties usually handled by employees.

The employees—several embalmers, funeral directors and crematory workers—walked off their jobs in an attempt to gain union recognition. The pickets were members of United Mine Workers Dist. 50.

A mortuary spokesman said the volume of business and number of employees were not enough to meet National Labor Relations standards.

## SHOW BOAT TO TWO SCOUTERS PLAY HERSHEY

"Show Boat," the most endearing and most enduring musical comedy in the history of the American theater, will be the special attraction at the Harrisburg Community Theater for two weeks beginning July 2, with Sue Morrison and Richard Boyer starring as the gallant Magnolia and the dashing gambler Gaylord Ravenal, who will try to discover the reason for their brief happiness in that liting and ever-memorable duet, "Why Do I Love You?"

Other leading players in this musical comedy, with its score by Jerome Kern, book and lyrics by Oscar Hammerstein II, based on Edna Ferber's novel, will be Cameron Ralston as the genial proprietor of the show boat, Cap'n Andy, Dorothy Iselle as his puritanical wife, Parthy Ann Hawks, Emma Rose Herr as the hapless "Bill" and "Can't Help Lovin' Dat Man," Peggy Forman and Donald Murphy as the loyal showboat cake-walk dancers (Ellie and Frank) who will sing of "Life Up on the Wicked Stage" and William Buck as the work-ridden negro to sing what is possibly the great-

ation of the fund drive is a fine accomplishment. But the most important thing is what do you get for the money. Because the drive simply reflects the growing service of Scouting in the district, you are doubly to be congratulated. The district is growing in numbers, it has recorded more advancements than ever. The mere that it had 497 at the Haines Safari shows that Scouting is growing here. The money being given has already shown fine results and we can look forward to even greater Scouting activities in the future.

The report of Attorney Teeter showed the following amounts from the various communities involved: Arendtsville, \$350.50; Aspers, \$104; Bendersville, \$122.75; Biglerville, \$269.25; Bonneauville, \$100; Buchanan Valley, \$100; Cashtown-McKnightstown, \$35.25; Fairfield, \$432.10; Gardners, \$101; Heidlersburg, \$66.85; Hunters-town, \$403.25; Littlestown, \$1,150.98; Mummaburg, \$30; Orrtanna, \$94.25; Table Rock, \$5, and York Springs, \$327.25.

"SHAKEDOWN" TRIP FINISHED BY DICK NIXON

By ARTHUR EDSON  
ST. LOUIS (AP) — Vice President Richard M. Nixon has wound up a four-day trip that took him deep into Texas and far up in the Dakotas.

And those who tagged along soon got the feeling that this was a shakedown cruise for the real thing, a practice run for the presidential campaign that is to come. The travel arrangements encouraged this belief.

**Own Chartered Plane**  
Here was Nixon in his own chartered, two-motored plane. It's the special executive job, with couches, desks and plenty of working space.

Here were a couple of dozen reporters traveling in another plane, landing just ahead of him as is usually done during a campaign.

Preparations were so good that at every stop a band was out to greet him.

**Doesn't Like Text**  
Nixon hates to speak from a text. He thinks it comes between him and his audience. But when he had what he thought were major pronouncements, on agriculture and economic growth, he had his speech carefully written out. That's the way he plans to do it when the campaign really gets rolling.

But it wasn't simply the physical arrangements.

Nixon still won't say he has the nomination locked up, although he did shyly confess Tuesday that if he were a betting man he might risk a little capital on it. He didn't say where he could find anyone to bet against him, or what the odds would be if he could.

**Adept In Politics**  
But while Democratic hopefuls joust with each other Nixon can turn to such items as:

1. His vice presidential running mate. He refuses to give any names, or to comment on any names given him. But he has said he wants a man who is loyal, who is willing to work with him and who shares his thinking on foreign affairs. "Here," he said, "there must be basic agreement."  
2. His keeping well informed on what the administration is up to. Once the nomination is in the bag, Nixon said Tuesday, he expects to be told of every major statement coming on. "Generally," he said, "we'll have pretty good coordination."

Possibly no politician of our time has been so adept at turning what could be a political disaster into a political asset.

**Minus Into Plus**  
The Venezuelan incident is a good example. Many a politician might consider this riot a damaging blow to his career. But Nixon refers to it in almost every talk. And as he explains how he was spit upon, and how his wife's pretty red dress was covered with spit, he invariably gets a sympathetic reaction.

This is what Nixon himself calls turning a minus into a plus.

Possibly the biggest surprise, though, is in his treatment of Democrats. In the old days no one whacked the Democratic party as soundly and as enthusiastically as Nixon.

**No Name Calling**  
Now, possibly because he covets and needs a lot of Democratic votes if he expects to win in November, he treats them almost tenderly.

That's why an Associated Press transmission error in his economic speech Tuesday was especially

Second Person Dies Of Injuries

BRIDGETON, N.J. (AP)—A two-car collision in nearby Upper Deerfield Township claimed its second victim Monday.

L. J. Craft, 36, of 240 Bank St. driver of one of the cars, died in Bridgeton Hospital a few hours after the crash.

Mrs. Hazel Smith, 38, of 356 N. Grove St., was thrown from Craft's car in the accident Sunday night and died of internal injuries a short time later.

Craft's wife, Ruth, 34, was still in serious condition at the hospital.

Nine other persons were injured, seven of them in the car driven by Joseph Kelly Jr., 22, of 112 Connelson Ave., Jersey City.

Conviction Of 4 Upheld By Court

NEW YORK (AP) — Four men whose conviction on charges of interstate transportation of stolen goods was upheld May 16 by the U. S. Supreme Court are still free on bail pending formalities.

They are Max and Norman Schaeffer of Lebanon, Pa., and Hyman Karp and Benjamin T. Marco, of New York.

The U. S. attorney's office here is awaiting receipt of a copy of the Supreme Court's decision. When it is received, a date for their surrender will be placed on the court calendar.

Government sources said they knew of no further possible appeals by the defendants, inasmuch as the highest court has ruled.

CHAMBERSBURG, Pa. (AP)—

Eugene R. Miller escaped from the jail here Monday night after taking \$208 of his fellow prisoner's money from the sheriff's safe.

Sheriff C. E. Dessem said the money was taken from prisoners for safekeeping at the time they were booked. He said the safe was locked but that Miller was known to have a way with such things.

Miller, 30, was serving a six-month sentence for theft of household goods from his sister's home. He was a kitchen trustee at the jail and apparently just walked away with the money.

SAN ANTONIO, Tex. (AP) —

Frank Davis, 51, a member of a prominent ranching family, was freed of a murder charge Monday because an indictment failed to specify if he wore shoes when he allegedly stomped a man who later died.

The charge of murder with malice grew out of the death of attorney James L. Drought, 41, who died Feb. 17, two days after his car collided with one owned by Davis.

WASHINGTON (AP)—The comptroller of the currency Tuesday issued a call for a statement of the condition of all national banks at the close of business Wednesday, June 15.

HARRISBURG (AP) — Jacques K. Boyer, assistant state director of personnel, has been given a three-month leave to assist in the reorganization of the Chicago police department.

ISSUE BANK CALLS

HARRISBURG (AP)—A call for the condition of all state banks and trust companies at the close of business June 15 was issued Tuesday by Robert L. Myers, secretary of state banking.

unfortunate.

Referring to administration critics, Nixon asked: "What sort of society are they proposing?"

It came out: "What sort of Soviet are they proposing?"

Nixon is doing no such name calling now. At this stage of the game at least, he's harsh mainly on Nikita Khrushchev and the Communists.

BUDGET CHIEF PLEADS FOR CONGRESS AID

By GEOFFREY GOULD  
WASHINGTON (AP) — Maurice Stans, the man who counts the billions in the nation's budget, has pleaded with Congress to lay off big spending programs.

President Eisenhower's 1961 budget, said Budget Director Stans Tuesday, is in "acute jeopardy" of becoming unbalanced.

If all or most of the measures now pending in Congress are enacted, Stans said, "they will shatter the hopes of millions of taxpayers that in due time there might be tax reduction and reform, while meeting our solemn obligation to reduce the staggering 200-billion-dollar public debt."

Pleaded To Taber

Stans made his plea in a letter to Rep. John Taber of New York, ranking Republican of the House Ways and Means Committee. Its release seemed timed for maximum effect as Congress jostled into the final weeks before adjournment.

Eisenhower's 80-million-dollar budget for the 1961 fiscal year, which starts July 1, provides a surplus of four billions. But Stans said that was forecast on the basis of holding spending to the President's recommended levels and enactment of higher postal rates and gasoline taxes.

The higher postal rates have been buried by a House committee in this election year. Congress raised the gasoline tax one cent last year, but has done nothing to meet Eisenhower's request for another half cent this year.

Senate Increases Tax

Stans singled out as budget-busting items the lack of postal rate increases, the proposed pay increase for federal workers, extra defense and welfare legislation, and House approval of tax reductions to self-employed persons for pension savings.

The Senate, perhaps to forestall just such attacks as Stans' this week voted to increase federal tax

Capitol Crews Busy With 50-star Flag

WASHINGTON (AP) — Thousands of 50-star flags will zip up and down Capitol flagpoles on July 4.

Crews will send the flags up and pull them down to meet the requests of congressmen, who want to send the new flags to their constituents.

It's a special honor to have a flag that flew over the Capitol on July 4. And there's a special demand this year because July 4 will be the day the 50-star flag becomes official.

Last Independence Day, congressmen, who pay for the flags, asked to have 1,200 new, 49-star flags flown over the Capitol.

Senate Gets Car Sales Tax Bill

HARRISBURG (AP) — A bill which would have auto dealers collect the state 4 per cent sales tax on retail vehicle sales is in position for final Senate approval.

The Senate Finance Committee returned the measure back to the floor Tuesday for final passage. The bill would change a 1959 law which makes the purchaser responsible for paying the sales tax to the State Revenue Department. It also would give the dealers the regular 2 per cent commission on the sales tax they collect.

HONITON, England (AP)—Volunteer fireman Eddie Marks was enjoying a pint of beer in the bar of the New Dolphin hotel Sunday when the town's fire siren sounded. Marks ran a half mile to the fire station. When he got there the engine had left—for the New Dolphin. The fire, a minor one, was in the hotel kitchen.

revenue rather than cut it. It extended corporation and excise taxes and voted to add another 650 million dollars by tightening restrictions in tax laws. However, the fate of these amendments was dubious as the bill headed to a Senate-House conference committee.

KIEL, Germany (AP) — Two Dutch freighters collided in the Kiel Canal Tuesday, and one went down, taking the captain's wife and an engineer with it.

Harbor police said the 500-ton freighter Uranus rammed into the side of the canal and bounced off into the path of the 3,200-ton Themis.
